

A SMALL INDULGENCE

Even the smallest of spaces can be transformed with the right touches of art and finesse. Soothingly hypnotic when the rain dances down, a copper rainchain adds artistic symmetry when dry. The custom decorative iron arbor adds vertical interest and living energy to an ordinary wall, drawing second glances by virtue of its subtle lines and curves, highlighting the plant material. Hospitable statuary pieces, a welcoming wreath and doormat punctuate the entrance, with luster and balance added by a pair of antique jade vases. ■
